FUNDING • TRAINING • SUPPORT
for faith based and community organizations to develop or expand a volunteer respite program for families of children with special needs.*

RESPITE PROGRAM FOR FAMILIES OF CHILDREN AND YOUTH WITH SPECIAL HEALTHCARE NEEDS, INCLUDING DISABILITY AND CHRONIC ILLNESS.

TakeFIVE
The Institute on Disabilities at Temple University with funding from Pennsylvania Department of Health invites organizations to apply for mini grants up to $5000 to train volunteers to provide families of children with disabilities with an occasional break from care giving.

T5 invites
• Faith-based organizations—a church, synagogue mosque or temple
• Community groups—YMCA, Community Center, or mentoring program

T5 encourages
children with disabilities, and their families, to be more actively involved in your organization.

T5 teaches
you to recruit, organize and train volunteers to provide individual home or on-site group respite at no cost to families.
