

PROGRAMS of the Institute on Disabilities

Assistive and Accessible Technologies

Public awareness, information and referral, advocacy, training, innovative services, and research and development to enhance access to assistive technology for all Pennsylvanians with disabilities.

Criminal Justice

Initiatives to support people with developmental disabilities who are crime victims, witnesses, and/or offenders.

Disability Studies

Graduate and undergraduate courses of study that explore historical, social, cultural, and political aspects of disability.

Inclusive Education

Initiatives to build capacity in teacher preparation programs to ensure that all teachers are prepared to teach all children.

Leadership Development

Initiatives that teach people with disabilities, family members and students to assume leadership roles in the field of developmental disabilities.

Research and Evaluation

Policy-oriented research guided by the concerns of people with disabilities and families.

Technical Assistance

Initiatives that build capacity through training and technical assistance to universities, community-based providers, families, people with disabilities, and local, state and federal government.

Information Dissemination

Dissemination of research, products, and information in accessible formats, and in Spanish.
