Adult Protective Services
The Adult Protective Services (APS) Law (Act 70 of 2010) was enacted to provide protective services to adults between 18 and 59 years of age who have a physical or mental impairment that substantially limits one or more major life activities.

- Funding first provided during state fiscal year 2012-13

- Act 70 is the bridge between CPSL and OAPSA and mirrors OAPSA in many ways
Adult Protective Services History

• Prior to April 1, 2015, there was a Memorandum of Understanding (MOU) between the Department of Human Services (DHS) and the Pennsylvania Department of Aging (PDA) to provide interim APS coverage prior to completion of the competitive bidding process.

• Effective April 1, 2015, Liberty Healthcare Corporation (Liberty) is the statewide contracted provider of protective services.
Individual’s Rights

- Adults have the right to make choices, subject to the laws and regulations of the Commonwealth, regarding their lifestyles, relationships, bodies and health, even when those choices present risks to themselves or their property.
- Adults have the right to refuse an assessment
- Adults have the right to refuse some or all protective services.
- Where there is clear and convincing evidence that, if protective services are not provided, the adult is at imminent risk of death, serious injury or serious bodily injury, the agency may petition the court for an emergency order to provide the necessary services.
What is the APS Agency (Liberty Healthcare Corporation) required to do?

- Investigate allegations
- Determine if individual is at imminent risk and if protective services are necessary
- Cooperatively develop a service plan
- Provide protective services to adults who voluntarily consent
- Provide services in the least restrictive environment and the most integrated setting
- Provide Guardianship as needed

Eligibility Criteria

Who is eligible to receive protective services?

• A resident of the Commonwealth

• An adult between 18 and 59 years of age with a physical or mental impairment that substantially limits one or more major life activities

• An adult who needs the assistance of another person to obtain protective services in order to prevent imminent risk to person or property
Call the Statewide Protective Services Hotline (1-800-490-8505) to report an allegation of suspected abuse, neglect, exploitation or abandonment of an individual between 18 and 59 years of age with a physical or mental impairment.

Protective Services Hotline is answered by local Area Agency on Aging (AAA) who completes a Report of Need (RON) and documents the report in the Social Assistance Management System (SAMS).

Mandated Reporters must also contact law enforcement and DHS for cases of suspicious death, serious injury, serious bodily injury or sexual abuse.
APS Process

The AAA notifies Liberty Intake staff via email that a RON is in SAMS.

Liberty Intake staff evaluate information in the RON to determine if individual meets eligibility criteria and classify the case as either “Priority, Non-priority, or No Need”

Cases determined to be “No Need” will be reviewed by an APS Supervisor and DHS and may be referred for other services. Program Offices are also notified of all No Needs.

Liberty Intake staff notify all appropriate licensing agencies of the Report of Need.
All cases classified as “Priority” or “Non-priority” are assigned to an APS caseworker for investigation. Investigations must be initiated within 24 hours for “Priority” cases and within 72 hours for “Non-priority” cases.

APS Caseworker initiates investigation within required timeframes, assesses risk, determines if individual is at imminent risk, and mitigates risk if necessary, by providing protective services.
If case is substantiated, APS may provide or arrange for protective services intended to ensure the adult’s immediate safety and well-being.

Protective services provided must be in the least restrictive and in the most integrated setting.

An adult can only receive protective services voluntarily. Protective services may not be provided to an adult who refuses consent or who, having previously consented, withdraws the consent, unless the services are ordered by a court.
• **Priority:** Priority reports require immediate attention because specific details in the report indicate the possibility that the adult reported to need protective services **is at imminent risk of death or serious injury or serious bodily injury.** The investigation shall be initiated immediately for a priority report.

• **Non-priority:** A non-priority report does not appropriately fall within the priority category and, therefore, does not require immediate attention by the agency. These investigations must be initiated within 72 hours.
• **No need for protective services**: A report shall be placed in this category when the person reported to be in need of protective services meets either of the following criteria:

  (a) *has the capacity to perform or obtain, without help, services necessary to maintain physical or mental health*

  (b) *is not at imminent risk or danger to his person or property*
