Pennsylvania’s Assistive Technology Lending Library

A FREE SERVICE enabling all Pennsylvanians with disabilities, regardless of age or disability, to try assistive technology (AT) devices.

AT helps people with disabilities to COMMUNICATE, MOVE, WORK, PLAY, AND LEARN.

AT devices can increase the ability of individuals with disabilities and older adults to be independent, contributing, and included members of their communities.

“Try before you buy” helps people decide what device best suits their needs. PA’s AT Lending Library can also help people meet a temporary need for AT.

Assistive Technology Resource Centers (ATRCs) across PA can help you learn more about AT devices and how to borrow them. If you don’t know what you need, would like to see a demonstration, or need help learning to use or acquire a device, ATRC staff can help.

Institute on Disabilities
Pennsylvania’s Assistive Technology Lending Library
Devices borrowed through Pennsylvania’s AT Lending Library can help you:

- Communicate with others
- Control your environment
- Hear what others are saying
- Do everyday activities
- Access computers
- Read

Pennsylvania’s Initiative on Assistive Technology (PIAT) is a program of the Institute on Disabilities, Pennsylvania’s University Center for Excellence in Developmental Disabilities, Education, Research, and Service at Temple University and is funded by a grant from the U.S. Department of Education under the AT Act of 1998, as amended. PA’s AT Lending Library is supported by state and federal funds, and contributions from users.
