TECH OWL
TECHNOLOGY FOR OUR WHOLE LIVES

What is TechOWL?

TechOWL helps people with disabilities and older adults find tools to support their safety and independence at home, at school, and at work.

These programs are available to anyone in Pennsylvania as part of Pennsylvania's Assistive Technology Act program.

Visit TechOWLpa.org to see what we can do for you!

What is Assistive Technology (AT)?

Assistive Technology is any tool or software that makes a person's life easier.

Common forms of AT are mobility aids, smart home devices, and adapted toys.

GET

Free Special Phones

Apply for an adapted phone to use for distance communication.

3D Printing

Request 3D printed assistive devices.

Used Equipment

Donate or get gently used devices.

iCanConnect

Find ways to communicate if you have both hearing and vision loss.

EXPLORE

AT Lending Library
